## CRStar Field Index Numbers

### Staging Maintenance Screen for 2018 and later cases

**Note:** When selecting, populations based on the AJCC stage, use the index number 568, Summary AJCC Stage Group. The system will then look at the Staging Basis and select the stage group from the appropriate column. If you want to select individual T, N, or M, use the corresponding Summary index numbers: **Summary T is 565, Summary N is 566, Summary M is 567. Summary TNM Stage is 570. There is also a Summary Staged By field, which is index number 569.**
